

Health and wellness

Our hygienic standards, which are already very strict, have been strengthened, using suitable detergents.

Before your arrival, a COMPLETE SANITATION, with concentrated disinfectant, was carried out by our staff, equipped with personal protection devices in accordance with the law.

We thank you for choosing us and we want to share our hygiene procedures with you.

- The rooms are aired before cleaning
- During the cleaning of the rooms the Guest must not be present
- All surfaces that can be contaminated have been sanitized
- We pay particular attention to objects that are frequently touched, such as handles, buttons, handrails, switches, door handles, etc.
- TV remote controls are sanitized every day
- The LINEN was treated and sanitized by the supplier company
- CUSHIONS, BLANKETS, MATTRESSES AND MATTRESS COVERS are treated with specific products for sanitizing washing
- The information in digital format is available at the Reception (all information will be available via e-mail, W.App or QR Code)
